## \$2.5 Million Building Planned For Downtown

By Robert E. Finneran  
Managing Editor

Downtown Andover is to receive a \$2.5 million shot in the arm, economically and aesthetically, with the announcement today of plans for a three story multiple use building to be located diagonally across Main street from town hall.

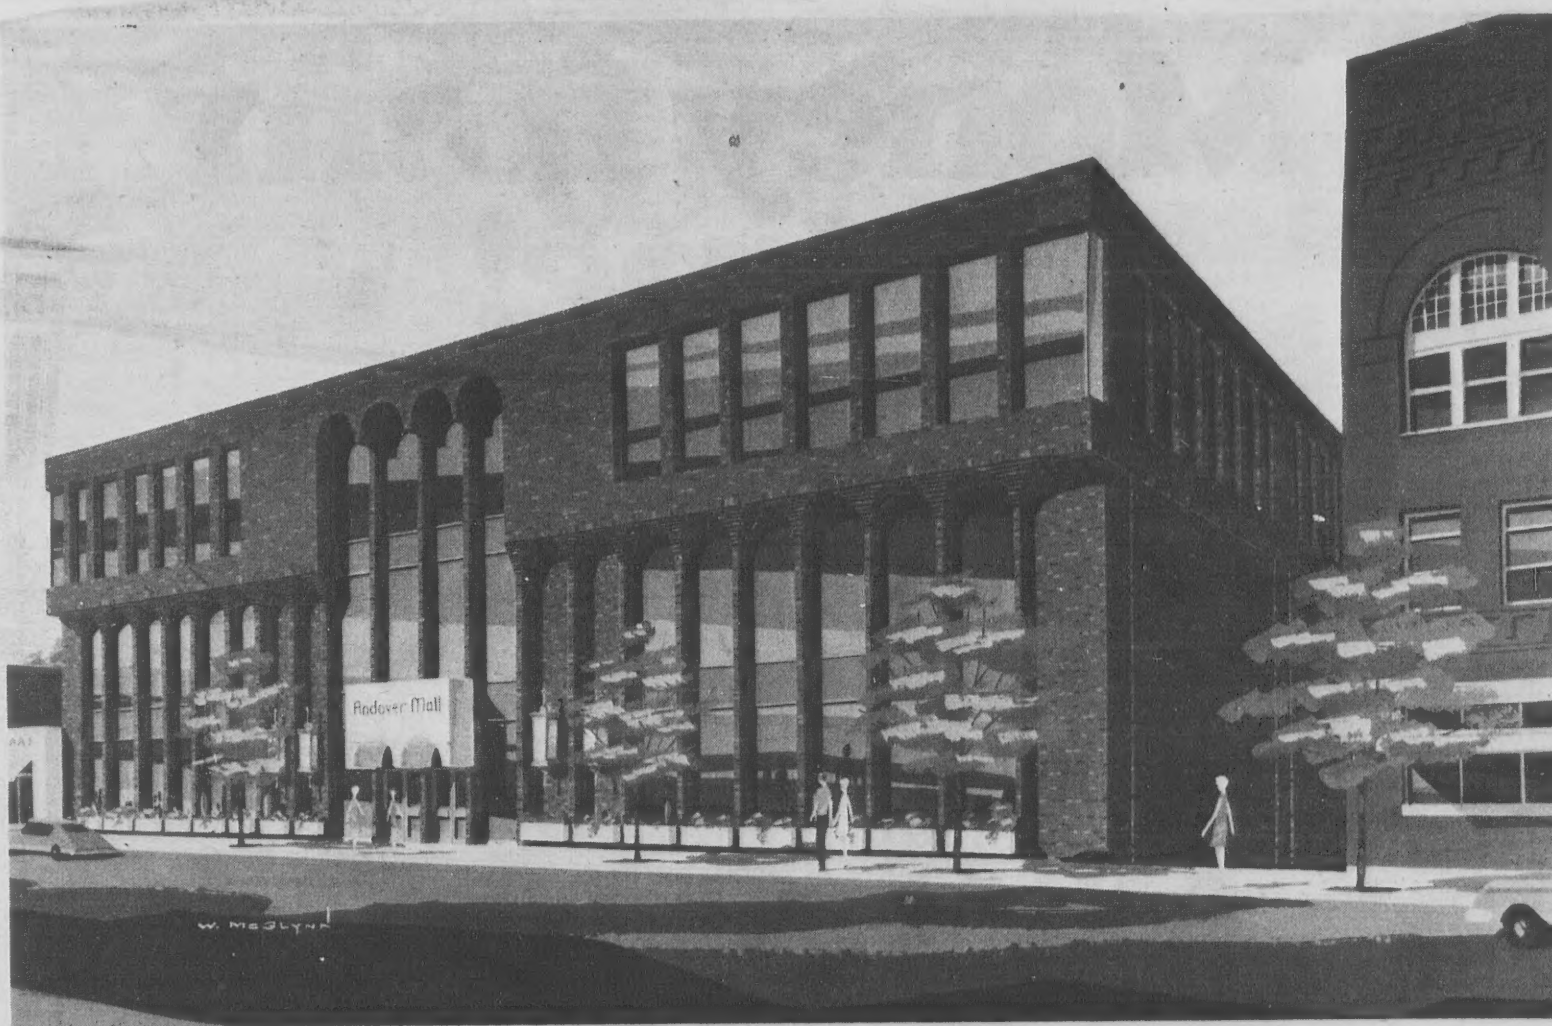

The first major development in over a decade was announced by ASB Development Corporation, a wholly owned subsidiary of Andover Savings Bank.

Plans call for more than 100,000 square feet for retail shops on two levels, office space on the third level and a parking garage in the rear lower level of the building. The proposed building will have 135 feet of frontage on Main street and a depth of 204 feet.

It is the first major construction in the downtown area since the Standard International building was built in Elm Square about ten years ago.

Combined with renovation and modernization of several downtown stores and the new Elm Square complex, the announcement by ASB more or less substantiates the contention made 15 years ago when Andover voters were asked to reject Urban Renewal for downtown.

At the time, local businessmen indicated they would prefer to develop the area themselves and without federal assistance and in the years that have followed, have more or less followed through on their promises.

## Acting Chairman Olesen Moves To Replace Lyons

By Linda S. Corbett

The three-member Andover School Committee voted Tuesday night to ask the Board of Selectmen to proceed toward a replacement for John Lyons "as soon as possible," preferably before the start of school in September.

George Olesen, acting as chairman "by tradition," elicited the necessary motion and second from colleagues

David Ahouse and Elaine Viehmann.

They also agreed that the same "ground rules" should apply as in the replacement of John Wragg last fall.

Nominations for the vacancy will be made before a joint meeting of the schoolmen and selectmen, and will require two seconds. Voting will take place at a subsequent meeting, with a

simple majority of the two boards electing a committeeman to serve until next spring's election.

Olesen had announced at the June 3 meeting that he too would resign June 30, because of the school counsel controversy, but later changed his mind because, he said, of support from family and friends.

He led off Tuesday's meeting

with the note that in the seven years he has served on school committees, this was the first one he has actually conducted.

In answer to a question from Superintendent Kenneth R. Seifert, Olesen said it was his understanding that the secretary fills in for the chairman in his absence, followed by

(Continued on Page 40)

Preliminary plans together with an architect's rendering of the Main street proposal provided the basis for a series of informal briefings for town officers and boards conducted by ASB Development Corporation, representatives at the town hall. According to ASB, the meetings were part of the developer's continuing efforts to keep town boards up to date on the project.

The building's center entrance is flanked by large two-story high glass windows set off by brick archwork. Inside the main entrance is a two story high covered shopping mall with stores fronting on a balcony at the second level. Moving stairs and elevators will carry shoppers and office workers to upper and lower levels. An aesthetic focal point inside the mall will be a 30 foot high water curtain and waterfall.

Entrances to the building's garage will be in the rear with parking provisions both inside and outside for more than 100 cars.

ASB Development Corporation representatives indicate the present time-table calls for completion of detailed construction drawings, advertising for bids and groundbreaking by late fall. Occupancy is slated for late 1976 or early 1977.

During the Town Hall briefing sessions, ASB Development Corp. president, Robert M. Henderson, noted, "the project represents, in our opinion, an excellent investment opportunity, one we think is architecturally acceptable to the character of the downtown area, and, represents a continuing commitment on the part

# \$429,000 In New Homes Authorized

While the building permit for the new Hewlett-Packard industrial building in West Andover topped the monthly building list for June, Andover continues to be an impressive address, as new home construction continues to keep pace with previous year's records.

A total of 12 new dwelling permits were issued during June by Building Inspector Arthur Peatman. Estimated value of the new home construction was \$429,000.

The H-P building permit for an estimated \$6,800,000 was for office, manufacturing, warehouse, pump station and cooling tower construction.

That permit plus all others brought the June totals to \$7,354,231 with \$22,010 in fees turned over to the town treasurer.

Another popular item during June was the installation of pools with 18 such installations

## Awards Presented At School

The annual presentation of awards to outstanding students of the physical education classes of St. Augustine's School took place recently at the school. Y.M.C.A. Physical Directors Walter J. Kimball, Sr. and Janet Mead presented the awards which are based upon performance, conduct and attendance during the total school year, in the weekly sessions for each group which are conducted at the Andover-North Andover Y.M.C.A. facility on Brook St.

Awards were presented to the following: 4th grade — Julie Burke and Chris Lyons, 5th grade — Patricia Arego and Mark Parris, 6th grade — Meghan Hanawalt and Roger St. Amand, 7th Grade — Maria Cavallaro and William Bartley, 8th Grade — Peter Lemieux and Dana Wesson.

## Sick Room Equipment Available

Not every Red Cross has sick-room equipment to loan but the Andover Red Cross does.

Through the generosity of citizens many excellent articles have been given to the chapter. These are available to the Greater Lawrence community on a temporary emergency basis, without cost. The borrower only needs to provide transportation both ways.

There are beds, wheel chairs, walkers, comodes, crutches, tables and many small pieces. To inquire, just call the Andover Chapter at 4 Punchard Ave.

The needs are constant and the requests for equipment greatly exceed the supply. Additional gifts would be most welcome and appreciated.

There are 1,000 eye injuries daily in the US.

## Salter Certified As Municipal Clerk

The International Institute of Municipal Clerks has announced that Elden R. Salter, town clerk, Andover, has been awarded the designation of **Certified Municipal Clerk** for his achievement of high educational, experience, and service requirements established by this Institute for attainment of this honor.

Mr. Salter has served as Town Clerk of Andover, since 1970. Active in the Massachusetts Town Clerks' Association, he holds the position of fifth vice-president of the New England Association of

City and Town Clerks. He is a member of the International Institute of Municipal Clerks and has attended its conferences since becoming town clerk. He most recently served as a resource consultant on a workshop session on "Planning and Zoning" given at the 29th IIMC Annual Conference in Denver, Colorado.

Mr. Salter completed the three-year annual institute for Professional Clerks held at Syracuse University (New York). This institute, an annual

event for professional clerks, is designed to provide perspective, information, and practical skills for greater understanding of those changes taking place in each community. Since its beginning in 1969, over 115 municipal clerks from the United States and Canada have completed this program.

Mr. Salter joins 11 other active Massachusetts Clerks who presently hold the designation Certified Municipal Clerk (CMC).

The unique Certification Program was launched in 1970, climaxing ten years of planning, to aid clerks in improving their job performance and to recognize the professionalization of the Municipal Clerk's Office. Completion of a recognized career development institute or a baccalaureate degree, responsible experience in local government and participation in conferences, meetings, and educational seminars contribute to achieving the prestigious Certified Municipal Clerk designation. Qualifications of applicants are reviewed and approved by IIMC's Board of Certification.

# H-P Gives Assurance On Fence

## Industrial Progress

The Andover selectmen have received assurances from Hewlett-Packard officials that the perimeter fence planned for their West Andover plant will not impinge on the 50-foot buffer zone between the conservation land and H-P property.

The location of this section of fence has been a source of consternation by the selectmen, who have insisted that the conservation and trail area abutting the industrial complex not be fenced.

W. Bruce Wholey, Hewlett-Packard vice president at the corporate offices in California, in a telegram to the selectmen this week said the fence would not be installed along the 50 foot "buffer zone" line, and that the fence would be located only on company property.

This matter, along with other agreements were among the matters which were being negotiated by the selectmen, town manager, town counsel and officials of Hewlett-Packard and Arkwright/Boston Insurance Co., owners of the West Andover industrial land.

Town Manager J. Maynard

Heavy equipment is in operation at the West Andover Industrial Park area preparing the foundation work for the new Hewlett-Packard plant. The medical electronics firm has obtained a building permit for \$6,800,000 for the first of its planned buildings in the former Shattuck Farm area.

Austin said the agreements all seem to be in order and should be ready for signing soon.

Still awaited as the contractors move forward with construction of the first building in the industrial site, is a determination of the low bidder for the sewer project, and what action the city of Lawrence intends to take on eliminating problems in regard to its filtration plant.

While the selectmen are awaiting formal signing of all agreements before formally awarding the contract for the construction of the trunk sewer line to the industrial property, the state Department of Labor and Industries is examining the bid documents of two contractors who submitted proposals on the project.

A hearing was held Wednesday before the state board at the request of the town to assist in determining the low bidder after the J. D'Amico Construction Co., apparent second low

bidder, erred in filing the proposal.

J.F. White Construction Co., proposed to do the work for \$1,984,000, while D'Amico submitted a bid for \$1,998,019. D'Amico, however, noted that in the bidding, the figure 90 was included in the numerals section of the bidding document, while the word "eight" was included in the working section, representing a difference in the actual unit bidding.

The acceptance of the lesser amount would result in the D'Amico firm becoming the low bidder.

The state labor and industries board has been asked to rule on the matter. Their decision, while not binding, will be used in awarding the contract for the project for which the town appropriated \$2.5 million at the March, 1973 town meeting.

Town Manager J. Maynard Austin said this week he is still hopeful of awarding the contract for the sewer work by July 24.

Also awaited, is what Lawrence will do. The city is under orders to cease dumping backwash water from the filtration plant into the Merrimack river.

Under consideration is piping the water across the river to the new West Andover trunk, or using the Methuen sewer system for eliminating the problem. The Methuen route, a recent consideration, appears more economical for the city, but no final decisions have been made.

If Lawrence chooses the An-

doover route, larger pipes will be needed, provisions for which have been made in the bidding procedure.

Awarded a Bachelor to Science in Mathematics was George M. Chory, son of Mr. and Mrs. Michael J. Chory of 466 Massachusetts Ave., North Andover. His degree was jointly presented by President Olsen and his father Michael, a long-time employee of the L.T.I. business office staff. A 1971 graduate of Central Catholic High School, George attended the L.T.I. College of Pure and Applied Science.

Recognized with Honors was Dennis M. Donovan of 8 Baldwin St., North Andover, the son of Mrs. Catherine T. Donovan of Lawrence. A graduate of Austin Preparatory School, his degree was received in Management.

William P. Ellard of 54 Summer St., North Andover, also received a B.S. degree from the school's College of Management Science. The son of Mr. and Mrs. Paul F. Ellard of the same address, he is a 1971 graduate of Lawrence High School.

Graduating in Plastics Technology was Steven J. Giacquinta of 428 Dale St., North Andover. His Baccalaureate was awarded by L.T.I. Dean of the College of Engineering Dr. William Hogan.

Edward W. Huminick of 227 Osgood St., North Andover, a graduate of that community's high school received a Bachelor of Science degree in Accounting. Also graduating was George J. Mailloux, son of Mr. and Mrs. Donat J. Mailloux of 39 Topping Road, Andover, a 1971 graduate of Andover High School.

### Mixing It Up For Recycling Effort

Carolyn and Buffy Katz mix cans and bottles in preparation for the second week of the new recycling program in Andover. Under the new system, the second and fourth weeks of the month are the scheduled cans and bottles, mixed pickup. Previously, the items were separated which is no longer necessary.

## Mixed Glass, Cans Pickup Next Week

Take pride in Andover! Join the new Recycling Program! You will save money because of fewer expensive plastic bags to set out; the Town will receive more money for cans, glass and paper collected and sold, and you will do your part in using wisely our precious resources. It takes much less energy to recycle or make over the items we use, than to produce them from scratch. Aluminum cans, for example, need only 5 per cent of expensive energy to remake them.

You will feel vast pride in joining your fellow citizens in recycling. It is in the Bicentennial spirit to use wisely what we have, to conserve energy and save for the future our natural resources. Less trash will be buried and lost; more items will be used, reused and reused. Help make Andover a leader in recycling for the whole Commonwealth to imitate.

You can do your part: put out newspapers, magazines or corrugated the first complete week of the month.

Week two a change has been made to make recycling easier.

### On Honor Roll

Jeffrey D. Sheehy of Andover, has been named to the Tilton School Honor Roll for the fourth marking period of 1974-75 and for the entire academic year.

Sheehy, son of Mr. and Mrs. Augustine P. Sheehy of 241 Lowell St., was graduated from the 129-year-old independent school this spring.

A student must have an academic average of 80 and no grades below "C" to be named to the Honor Roll.

On this week, beginning July 14, you may put out CLEAR GLASS and CANS together! There is no need to squash or take labels off.

The third week you may put out newspapers, magazines and corrugated (separately, please) again. All these may be placed in shopping bags or plastic barrels.

The fourth week you may place at curbside BROWN, GREEN GLASS and CANS together. What could be more reasonable?

The Boston Tea Party Ship and Museum, Congress Street Bridge, Boston, is open every day, 9 to 5.

Whistler's House is open at 243 Worthen St., Lowell, Tuesday through Sunday, 2 to 4:30 p.m.; Thursdays, 7 to 9 p.m.; free.

## 4-4-4 Grade Plan To Be Studied

A subcommittee to study the possible implementation of a 4-4-4 grade plan in Andover schools, was established by the school committee Tuesday night.

The motion was made by Committeeman David Ahouse so the question "wouldn't drag on," and so that the plan could conceivably be implemented in the fall of 1976.

Ahouse specifically asked for a study of the feasibility, parental response, and timetable of such a plan, and said the subcommittee's first report should be forthcoming at the first September meeting.

Superintendent Kenneth R. Seifert had recommended a 4-4-4 restructuring plan earlier in the spring, as a possible solution to temporary overcrowding in Andover schools.

An overage of about 500 pupils is anticipated here for the next five to eight years.

Under a 4-4-4 plan, Seifert had said that Doherty, South, Sanborn and Shawsheen schools could be converted for grades kindergarten through four; Bancroft, West Elementary and East Junior High, as "middle schools" for grades five through eight; and the High School and West Junior High as a complex for grades nine through 12.

There would still be some bulging, however, and during the May presentation, Com-

mitteeman George Olesen had suggested the possibility of using "portable classrooms" as a remedy for that problem.

Seifert reported back Tuesday night that the going rate for such classrooms is about \$30,000.

He said the cost is about \$30 per square foot for fully equipped classrooms without furniture, and that the sizes range from 800 to 1000 square feet.

The state, he added, considers a 950-square foot classroom "reasonable," so the portables are not "just trailers," he said, as many people think.

He said it would cost from between \$2000 and \$2500 to move the classrooms, which are on full foundations, from school to school as the bulge shifted. When they are no longer needed for classes, he said, they are often used for special services.

They usually have aluminum siding, he said, and are "built to resist vandalism."

He said a later report would include the number of portables the administration feels would be necessary, and whether the school committee could go ahead and appropriate money for them, or if they have to go

through town meeting.

While Seifert considered the subcommittee to study the 4-4-4 and alternatives a "start," he said he felt long-range planning related to grade structure "is not enough... from a financial standpoint." He said he felt the committee also needed to look into program expenses coming up in the future.

Ahouse said he would return at the August meeting - now scheduled for the 19th - with a list of other topics he felt could be undertaken by subcommittees.

## Theater Night For Kiwanis

The Kiwanis Club of Greater Lawrence has again chosen a night at North Shore Theater as their annual fund raising project.

The date is Wednesday, Aug. 6, with Nancy Dussault starring in the George Gershwin musical, "Lady Be Good."

Club President William Bride and Vice President Kenneth P. Thompson, general chairman, are looking forward to another sellout night.

President Bride reports that over the past 50 years the Greater Lawrence Kiwanis and its approximately 80 members, have raised over \$150,000 through the generosity of their friends, relatives and acquaintances, for work in the area, through such fund raising projects as the theater night.

As an added bonus this year, the North Shore will donate to the Greater Lawrence Kiwanis charities, 50 cents for each person that has dinner at the theater restaurant before the play. The restaurant has been enlarged, enclosed and air conditioned.

Tickets for the event may be obtained from any member of Kiwanis, or by contacting Thompson's office.

# Sanborn Library May Get Relief

The overcrowded Sanborn School Library may get some relief this summer, if it can be done for less than \$4,000.

That's the limit the school committee put on expenditures Tuesday night, following a report and a recommended remedy by Superintendent Kenneth R. Seifert.

In other action, the committee decided not to make an official response to the 17 points made by the Andover Education Association when some 200 teachers showed up at the June 3 meeting to protest conditions in Andover schools. Among the problems cited were overcrowded classrooms and dropping of some classes.

Seifert said many of the AEA's points fall under negotiations still in progress, and he felt it would be inappropriate for the committee to comment at this time.

In a preliminary report on the guidance department, Associate Superintendent Harry Westcott said the guidance counselor deployment for 1975-76 school year will be about one counselor to 364 pupils at the high school; one to 400 at the junior high level, and one to 500 in the elementary schools.

Among the "hopes" for beefing up the guidance department, Westcott cited a system-wide coordinating person, from among the ranks of the present counselors; more psychological training for new counselors; less clerical work; more public relations orientation, particularly at the high school to show students that meeting with guidance counselors is a pleasant, rather than traumatic experience; and an "informal guidance" program where each faculty member could have 16 or so advisees. Westcott said such a program was once in effect here, and felt it would be useful for general conversation, referrals, and the like.

A full guidance report will be made at a November meeting of the committee.

Seifert said he had been charged by Chariman Frank Griggs to come up with alternatives for more useable library space at Sanborn, and that he had subsequently met with Principal Joseph Normandy, Libraries Director Annette Freedman, and interested parents.

Seifert said that a lawn-mower, snow blower, and possible volatile materials are presently being stored in a "questionable" area of the school that could be used to store audio visual material instead. That move would free up about 30 per cent of the library as "livable" space.

He said they have asked for prices for an outside storage shed for the equipment.

The storage room is across the hall from the library. Seifert went on, so it could be under the watchful eye of the librarian.

While the fire inspector has said that the inside storage is safe, Seifert said he personally felt it "questionable."

He was given the go-ahead to proceed with the outdoor shed, up to \$4,000.

In still other action, the committee accepted the resignations of Robert Doyle, a math teacher at Andover High for nearly 10 years; Miss Ann Foley, an art teacher at Doherty; Miss Margaret Jozik, Unit A

teacher at Shawsheen; Mrs. Ruth Volksen, Grade 5 teacher at Shawsheen; and Mrs. Patricia Watkins, Unit B teacher at Shawsheen.

The committee elected Mrs. Denise Papanastassiou of Dracut to replace Mrs. Watkins at Shawsheen; Mrs. Corinne Regan of Methuen to teach math at East Junior High; and Miss Kathi Ann Riester to teach health at East Junior High.

Mrs. Papanastassiou received her B.S. from Fitchburg State in 1974 and has been a substitute in Andover schools, and a permanent substitute at Shawsheen. Mrs. Regan, who received her B.S. in mathematics summa cum laude from Lowell State in June, did her practice teaching at Andover High this spring, and Miss Riester, who received her B.S. in health education from Springfield College in May, did her practice teaching at Burlington High School.

The committee also appointed Mrs. Angelina Caiati a

teacher aide at Bancroft and Miss Ann Marie Maida an instructional aide at Doherty. Mrs. Caiati, a graduate of Berkeley Secretarial School, was formerly a secretary for General Foods Corp. in New York, and has been a volunteer at Bancroft. Miss Maida, who holds a B.S. degree from Boston State College, served as a permanent substitute at Doherty for two months this spring.

"Old Ironsides," is open at the Charlestown Navy Yard daily, 9:30 to 3:15. Free.

## Membership Drive Is Planned

For many years the Lawrence Epileptic Society, started by the McPhee family, has struggled unceasingly in order to gain recognition for the epileptic in our society.

As a result of his diligence, Joseph McPhee, president, is now able to announce that the epileptic society in this area has taken a giant step forward. What was once known as The Lawrence Epileptic Society is now The Merrimack Valley Epileptic Society Inc. This opens up a whole new area, allowing

many more concerned people to inquire for information involving the epileptic.

The society is planning to increase its membership in September, literature and lectures are now available free of charge, by writing to The Merrimack Valley Epileptic Society Inc., Lawrence General Hospital, 1 Garden Street, Lawrence, Mass. 01840.

## Sermon Series To Begin

The Andover Baptist Church will feature a series of sermons on "The Three Great Truths Preached in Colonial America" as part of its Bicentennial celebration.

Harvard Professor, Dr. Perry Miller in his book, *The New England Mind*, states that these three truths formed the basis of our national integrity and prosperity as they were built into our structure.

These truths are: 1) An Almighty God, 2) The Reality of Sin, 3) Making a new life by God's Power.

The pastor, Rev. Earl B. Robinson, will present the Bible teaching on these three truths and relate them to every day living as well as to our national life. He believes that it is appropriate to consider these themes in the Bicentennial year of our nation. They will be preached at the regular summer services at Andover Baptist Church, Central and Essex Street, Andover, at 10 a.m. on July 13, 20 and 27.

The public is invited to attend.

## Cardinals Take Title

The Andover National Minor League Cardinals maintained their perfect record by defeating the American League Champion Tigers in a hard-fought titel series.

The first game featured a pitcher's battle between Gary Sanderson of the Cardinals and a combination of Rick Morane, Jerry Ahern and Steve Guschof of the Tigers. The score was tied 3-3 going into the last inning on the strength of Jeff Barlow's three-run homer for the Cardinals matched by Tiger Rick Saba's two run-producing hits. Jeff Davis produced the game winning hit to carry the Cards to a 4-3 win.

The second game featured the slugging of Jim DePiano, Scott Lindstrom and Jeff Barlow -- all of whom had three hits in the Cardinals 14-7 win.

In 1914, the first man in America with the mind to imagine and the skill to install the first electric traffic signal was the safety director of Cleveland, Ohio, Alfred A. Benesch. Cross arms, 15 feet above the ground, were equipped with red and green lights and buzzers. Two long buzzes permitted the traffic on one street to proceed, while traffic on the cross street moved at one buzz.

## Girls Track Meet Held

The Andover-North Andover Y.M.C.A. Spring track meet for Full Privilege Girl Members was conducted last week at the Phillips Academy track. Competition in three age divisions involved the contestants for three hours under the supervision of Physical Director Janet Mead, Y.M.C.A. Senior Leader Charmaine Reider and numerous Y.M.C.A. Junior Leaders.

In the division for girls going into grades 7-9 the outstanding performer was Sydni Simpson who tallied 24 points with four first and a tie for first in the five events. Jane Shattuck was second with 10 points and Linda Kent third with 7. Other place winners included Sara Simpson and Laure Anne Sheehy.

In competition for those in grades 4-6 high point girl was

Amy Simpson with 18. Lisa Reynolds was second with 9 and Beth Whitworth and Lisa Johnson tied for 3rd with 6 each. Others figuring in the placings were Kathleen Kinsella, Jane Caldwell and Meghan Hanawalt.

Elizabeth Donahue scored 10 points to top a very heavy field of girls in grades 1-3. Aveen Kenny was runner-up with 9 points and Beth Tracy was third with 5½ points. Other individual place winners included Mary Beth Lyons, Suzy Sellers, Mimi Himber, Nichole Marcella, Leah Savastano, Jennifer Gagnon and Mary Beth Harrington.

# Champs Continue Winning Ways

15

By Rick Harrison

Both first-half champions remained undefeated and moved to the head of the second-half pack in Andover Little League action last week.

In the National League, the Giants won their seventh straight game overall and jumped their second-half record to 4-0 following a 14-4 romp over the defending Town Champion Mets.

In the American League, a battle of the unbeaten saw the Red Sox outlast the Yankees 7-5 to lift their second-half ledger to 4-0 and the seasonal mark to 12-2.

Meanwhile, both the AL and NL All-Star teams intensified preparations for their opening games in the District 14 portion of the International Little League Tournament.

## Giants, 14-4

Fred Foote continued to do it all for the Giants, turning in another spectacular two-way effort for the NL leaders.

On the mound winning pitcher Foote, Bob Meier and Greg Sacco combined talents for a five-hitter and six strikeouts. Foote fanned the side in the fourth inning to help lift his pitching record this year to 6-0 and his "career" mark to 9-1.

At the plate Fred destroyed the Mets with a 5-for-5 performance, including a pair of doubles and three RBIs.

Bob Meier chipped in an RBI double, Greg Sacco a run-scoring single, Bernie Cavanaugh a key single and Carmen Scarpa drilled two hits for the Giants.

Defensively the winners' standouts were Eric Teichart at first base and later in rightfield, Mike Lucey in leftfield and Carmen Scarpa at shortstop.

The Giants wrapped this one up with a six-run explosion in the third stanza.

Outstanding players in the Mets' losing cause were Tom Fiske, Tom Fabiani and center-fielder Sean Burt.

## Red Sox, 7-5

Beaten by the Yankees in their only two previous meetings, the Red Sox gained a measure of

revenge at South School and moved one-half game ahead of the Yanks (4-1) entering last Monday night's action.

The victors jumped ahead 3-0 in the top of the first, and although the Yankees struck back for two in the home half of the stanza they were never able to grab the lead.

Undefeated hurler Richie Sambuco (5-0) went the distance on the hill for the Sox, tossing a six-hitter, whiffing five and walking seven.

Righthander Chris Doherty was the complete-game loser, striking out six during his stint.

Ed Powers ignited the Red Sox offense. He was on base four straight times with a double, two singles and an intentional walk. He also drove home a pair of runs and starred defensively at shortstop.

Tom Wilkins lashed a brace of

safeties to account for three RBIs, while Dick Kelley went 2-for-2 and Sambuco hammered two doubles.

Tom Hetley ripped a two-bagger, Todd Zimmerman singled and Tom Powers chased home a run with a sacrifice bunt.

For the Yanks, Chris Doherty helped his own cause with two run-scoring doubles. Bob Heidt slugged a double and single, Vin Keegan clubbed a two-bagger and Bill Banfield doubled.

The Yankees' overall seasonal record slipped to 11-4.

## NL 'Stars

Manager Ross Tortora's National League All-Stars open single-elimination District 14 Tournament play next Monday night, July 14, at West Elementary School by hosting the winner of tomorrow's Lowell Highland vs. Lawrence Prospect

Hill opening round game.

Game time at West Elementary will be 5:45 p.m.

The NL 'Star squad consists of Fred Foote, Dave Robinson, Bob Meier, Wayne Merola and Dave Leitch of the Giants; John Merola and Ken Smith of the Braves; Tim Richards and Mike Brown of the Cardinals; Sean Hoffman and Dave Morton of the Pirates; John DeCarlo and Kevin Grundy of the Cubs; Tom Fiske of the Mets.

The alternates are Sean Burt (Mets), Ralph Hancock (Pirates), Carmen Scarpa and Jon Pelletier (Giants).

## 'Stars

The American League All-Stars begin their quest for the tourney championship tomorrow night, July 11, at West Elementary School where they face Lawrence Tower Hill at 5:45

p.m.

A victory would push the AL squad to a second-round game next Tuesday, July 15, against the Newburyport All-Stars in Newburyport.

The AL roster was listed in last week's TOWNSMAN, and Managers Frank Monette and Don Rathbun have announced a tentative starting line-up for tomorrow's game.

The starting pitcher will be

## Ruthers Take Two From Friendly Canadian Hosts

By Rick Harrison

Canada proved to be a very friendly host to the Andover Babe Ruth baseball team, as the locals swept a pair of games during their three-day excursion to Montreal last week.

The team left Andover Tuesday morning, arriving in the Quebec city by mid-afternoon for residence at McGill University. That night was spent at "Man and His World," site of the 1967 World's Fair.

Wednesday afternoon Andover faced the St. Henry Southwest Royals, defending champs of the entire province of Quebec but not in contention this year, and slugged its way to an 11-7 victory.

The players had a chance to see the downtown area of Montreal that evening following the postponement of the scheduled Pittsburgh Pirates-Montreal Expos game.

Impressed with the locals' brand of ball on Wednesday, amateur baseball coordinator Claude Lemay of Montreal decided to assemble a Midget 'AA' All-Star team to battle Andover on Thursday.

The Bantam 'AA' St. Henry outfit had been of comparable age (14-15 years), while the St. Philippe 'Stars' were all 16 and 17 years of age.

Andover also defeated the older Montreal team, 7-4.

After a swim and a quick run to Jarry Park for portions of that day's Pittsburgh-Montreal game, the team headed back home.

### St. Henry, 11-7

Andover wasted little time jumping to a 2-0 first inning lead against the Southwest Royals at Gadbois Field.

A pair of infield errors on balls hit by Bob Zwicker and Tom Coffey, several stolen bases and a wild pitch accounted for the tallies.

The winners doubled the spread to 4-0 in the second against lefty loser Pierre Auger.

With one out Dave Farrell singled and raced to second on a throwing miscue. Steve Serley drilled an opposite-field RBI single to left, and advanced on the throw to the plate. Serley was later caught stealing, but Mike Henderson walked and stole second before Bob Zwicker lashed an RBI single to center-field.

While Andover was building its 4-0 edge, starting pitcher Tom Coffey blanked St. Henry for two innings with no hits. He was helped somewhat when shortstop Dave Farrell turned in a spectacular backhand stab of a sizzling liner by Auger leading off the second.

### Hayes Homerun

Auger, who went the distance

and fanned 13 Andover batters, whiffed the side in the third inning. However, sandwiched in between was a long bases-empty homerun to leftfield by Dan Hayes lifting the score to 5-0. In the fourth Dave Farrell reached on a two-base error, and scored the sixth Andover run when Steve Serley slammed another RBI single to center. Auger actually struck out four

batters in the fifth, but there was plenty of additional activity as Andover pushed across three more runs for a 9-0 spread.

Tom Coffey fanned to open the stanza, but reached first when the third strike squirted past the St. Henry catcher. Dan Hayes walked and Gary Needham's sacrifice bunt was misplayed to load the bases.

Dave Birnbach worked Auger for a walk to force home a run, and Bill Stahley followed with a sharp two-run single rescuing the eventual game-winning markers. Auger then settled down to fan the next three hitters.

relieved Coffey in the third and fired two scoreless innings at St. Henry.

But the Montreal team came alive in the fifth, cutting the gap to 9-4 by registering four unearned runs. Three errors, four stolen bases and singles by Tom Pietropolo, Jamie Rollin and Rene Levesque combined to produce the damage.

The locals came right back with two runs in the top of the sixth. Pete Feeney and Tom Coffey dumped soft liners into left-centerfield. A passed ball and Mike Henderson's double completed Andover's last offensive burst.

St. Henry muscled its way to 11-7 in the bottom of the sixth, as Auger clouted a two-run homer and Richard Aubec followed with a solo blast.

Dave Birnbach bounced back to finish strong in the seventh, striking out two and setting down the side with no trouble.

Larry Larrabee dropped a harmless two-out single into leftfield in the seventh for the final Andover hit.

Birnbach whiffed four and issued three walks during his five-inning stint, while Coffey fanned one and walked one batter.

Mike Henderson, who played three positions at different times in the game, initiated the fifth seasonal doubleplay for Andover by stabbing a long fly in rightfield and throwing to Steve Serley at first to complete the twin-killing.

### St. Phillipe, 7-4

Mike Henderson, now 4-1 on the year, went the route and turned in a solid pitching effort as Andover trimmed the older St. Phillipe All-Stars.

Henderson scattered five singles, whiffed two, walked three and permitted only two earned runs, while throwing 77 pitches.

After having a runner gunned down at the plate in the first in-

ning, Andover broke on top 1-0 in the third. With two out Henderson walked, stole second and raced home on Bob Zwicker's RBI single.

St. Phillipe tied it in the home

Bill Stahley

half of the third when losing chucker Alan Doigneau singled, stole second, took third on a mis-played pickoff attempt and scored on Jean Maredal's two-out, two-strike single.

Andover retaliated in the fourth to grab a 3-1 cushion. Tom Coffey was safe on a throwing

error in the infield. Dan Hayes then ripped a 310-foot triple to plate Coffey, and moments later a passed ball rescued Hayes.

St. Phillipe rebounded in the bottom of the fourth. Back-to-back walks to Gil Morette and Pierre Auger, a wild pitch and Claude Levesque's sacrifice fly to leftfield cut the score to 3-2.

In the Andover fifth Mike Henderson walked, stole second, took third on an infield out and scored when Dan Grams laid down a safety-squeeze bunt. Some smart base-running by Henderson and a fine slide at home made the run possible.

Two defensive lapses by Andover infielders with two outs in the last of the fifth enabled the Midget All-Stars to pull even, 4-4, but a sixth-inning rally boosted the locals over the top.

### Two-Run Double

Dan Hayes walked, Gary Needham was safe on a bunt and Dave Birnbach's infield grounder moved them both along. Dave Farrell lashed a solid single to left, and Mike Henderson insured his own victory by looping a two-run double down the rightfield line to make it 7-4.

St. Phillipe threatened in the bottom of the sixth with two out. Levesque was hit by a pitch, Doigneau singled and took se-

cond on the throw to third base. However, Henderson picked Doigneau off second to end the danger.

In all Henderson picked off three runners at second base during the game, and catcher Gary Needham gunned down

another trying to steal.

Except for the fifth-inning breakdown the Andover defense was again superb. Dave Farrell set down the side himself in the second with three fine throws

THE TOWNSMAN, JULY 10, 1975

Reunions, cookouts, softball games, bubblegum blowing contests and T-shirt making were only a few of the many activities found on the Andover playgrounds in their first week of operation.

Forms for the trip to Sturbridge Village July 23 will be available at each playground next week.

## Ballardvale

Ballardvale playground kicked off the summer with a variety of activities. An exciting kickball game on Monday followed by crafts and some interesting games of checkers. Paul, who was an aide at a fast moving game of softball, preparing them for the games ahead.

The week ended on Thursday with a variety of festivities. Mobiles were made for the Fourth of July, there was a foam pillow fight and the day ended with a cookout in the rain.

Another picnic is planned for Friday and we hope everyone will be there. Our cook, Russell, will be here again to fix your hot-dogs and hamburgers any way you want.

See you all at the playground! Greg, Kim, Russell and Janette.

## Doherty

Once again the summer is off and rolling at Doherty playground. Like last year there was a very large turnout for the opening week, which included activities varying from arts and crafts to games for all ages. Highlights of the first week included a girls vs boys softball

game, team practices, bombardment, paper hat making, follow the leader and many other activities.

Two special events capped off the week: T-shirt making and a doll carriage - bicycle decorating contest. The bicycle decorating champion was Paul Murphy, with Patty McDonald taking second followed by Jonathan Finn and Donna Castatiana in a tie for third. The winner of the doll carriage decorating was Tammy Hughes.

We encourage everyone in the Doherty area to come on down, the upcoming weeks will be full of games and contests in which all participants can earn points toward the Mr. and Miss Doherty award, to be given to the highest point getters throughout the summer.

## Sanborn

Here we go again with another super summer at Sanborn. We started off fantastically with more people than ever before. We cooled things off hiking to the dairy followed by a water balloon and squirt gun fight. Jeff Kennedy has made sure that the point board was started. He is looking for another trophy this year. Our sports teams are in tip top shape this year and the cheerleaders are dynamite.

## Shawsheen

(Kids helping to write this article: Patty Horan, Kelly Horan, Sandy Cookson, Debbie Cookson).

What a way to start the summer. Practicing gymnastics with Ellen. We learned cartwheels, somersaults, handstands and backrolls and worked on the balance beam.

We made macrame bracelets

and necklaces using string and sticks that we found. We also made official Shawsheen T-shirts by stenciling "Shawsheen" on the front and our names on the back with the Bicentennial colors of red and blue.

On Wednesday, we built a village and playground entirely out of straws and pipe cleaners (and glue!). We also had a scavenger hunt where we had to find a broken crayon, an acorn cap, and a signature of someone named Michael as well as to sing a song with something yellow in it. The winning team did all of these and more. They were: Kevin Barnsley, Walter Meuse, Dino Martone, Deana Martone, John Lanue, Ricky Moreau and Timmy Sirois.

We finished our first week with a pop at our waterballoon fight and cookout.

We are going to try to set a record by making a gum wrapper chain at least twice as long as our 36 foot chain of last summer. Everybody bring your wrappers!

## South

Hi, from South Playground and no one could be prouder, because we're a new playground and we'll even shout it louder.

We had a scavenger hunt and

the winners were: first place, JoAnne and Karen Saalfrank, second place Donald Meuse and Sis Anderson, and third place went to Richard Brideau and Steve Eldred.

Our first place team in the treasure hunt includes: Billy Evan, Eddie and Joey Anuff, Mike Metcalf, Tony Coccharo, Evan Wasserman and Kurt Lengemann.

South built a fort in the woods and the next day we had a picnic with the ants and all the woodland creatures.

Well, this is South Playground signing off. See you next week!

## West

West started off with a Bang this year having over 300 children registered in the various activities for this summer of '75.

Last Friday Mark Desmet ate up the watermelon eating contest, proving once and for all that he has the biggest mouth on the playground. Monday, Tom Powers, for the third consecutive year in a row, was proclaimed king of the bubble gum bubble blowers. West softball sluggers are ready to take on Ballardvale and Doherty. The Hat Trickers will also be there.

Looking ahead for the week to

come Safety Officer Aumais will be on the playground Thursday to give us all some safety tips for summer biking and there will be a bar-b-que Friday to culminate the week.

So until next time, greetings from Sue, Myles, Anne, Dave and Cathy.

## Fencing With Foolishness

"Don't Fence Me In," was once a popular tune, but in today's society such a melody courts disaster, particularly for those in charge of planning large industrial complexes.

Thus we find it difficult to comprehend the apprehension of Andover's selectmen concerning the fencing in of the Hewlett-Packard property in the West Andover Industrial park.

As we understand it, the board is objecting to the placement of the fence along the riverbank portion of the property, feeling it impinges on the conservation land and trail areas.

The remainder of the perimeter fence to contain the building and grounds for security purposes, does not apparently pose any major problem.

We appreciate the board's concern for protection of Andover residents and insuring that all agreements are lived up to according to the March 1974 town meeting vote.

But, somehow, the selectmen appear to be getting a little sticky about some of the nitty-gritty stuff of this project.

As for fencing, we would doubt that any industrial concern contemplating major construction, would not, in this day and age, make adequate provisions for security.

A fence is a most logical measure in this direction.

In an age when vandalism and thievery is rampant, it makes sense to take as many safeguards as possible in insuring protection of property and personnel in an industrial complex.

As we understand it, the medical electronics plant plans to include a chain-link fence around its property, something which would be in good taste.

Economic times being what they are, the town seems fortunate to have the H-P plant continuing its interest in locating here, and following through with the obtaining of the building permit.

Also, and probably benefiting from the economic situation is the opportunity to still provide the trunk sewer line to the area, within the funds available. There had been fears that the town would have to return to town meeting for additional funds, based on normal price increases since the funds were approved in 1974.

A glance at the H-P plant and the Arkwright/Boston Insurance industrial development in Waltham gives every indication that the project was carried in a pleasing manner and there is no reason to believe the Andover project will be otherwise.

We would suggest the town get on with the approvals required to keep the project moving in West Andover and stop fencing with what would appear to be minor considerations.

## Effort Highly Commendable

We hope that those who planned and supervised the Fourth of July observances in the Andovers this past weekend have had some time for well deserved rest.

Their efforts were highly commendable and worthy of the praise that has been coming their way since the festivities concluded.

Working with a minimum of funds, those in charge of the celebration were able to carry off a safe and sound Fourth of July program which delighted the home town folks as well as those that visited from far and near.

In Andover, the afternoon and evening program of music, exhibits, rides, refreshments, was well attended. A steady stream of families enjoyed the program at The Park and Playstead.

In the evening, a spectacular display of fireworks capped off the excellent program.

At the risk of offending some member of the committee who worked diligently, we will comment only on the efforts of Gary Ralph and Francis P. Reilly, who more or less spearheaded the whole program.

A host of committee people assisted the two men in

the planning and insuring that the whole program was carried out without a hitch.

To the two men and their committee a hearty salute for a job well done.

The same can be applied to those in charge of the North Andover Fourth observance.

A long parade, which included a stop or two along the way to entertain senior citizens and those in nursing homes, began the program on Saturday morning.

Then followed an afternoon program of booths set up by residents, groups and merchants of the community, along with rides and other activities.

The traditional chicken bar-b-q dinner was served to 1,300 in the evening on the green, followed by a fireworks display.

Activities continued on Sunday, keeping with a bicentennial theme.

Judging from the reception accorded the programs by those in attendance, we would say that the Andovers provided a Fourth well worth remembering, as usual, this year.

## Down the Years with The Townsman

### 75 Years Ago - July, 1900

The nation's birthday was observed on the Fourth with gala celebration throughout the town. Many were the false alarms, but one alarm of a serious nature brought the department galloping up South main street where one of the dormitories in the Latin Commons was badly ablaze.

At the meeting of the Abbot Village Coal Society, bids were accepted and read from different dealers for the contract for next year. Fred Gleason was the successful contractor and will supply 600 tons next winter, double the quantity used last year.

Beginning this week all grocery stores in town will close at 6 p.m., except Saturdays, until the completion of the summer season.

Simon Wardwell, Andover's oldest resident, celebrated his 95th birthday on the Fourth of July. He is a former showmaker and has maintained a substantial farm on the Prospect Hill road for a number of years.

The summer school program

which proved so successful in Andover last year will be resumed again this summer beginning next week. Parents can be assured their children are obtaining useful learning and avoiding mischief during these scholarly periods.

### 50 Years Ago - July, 1925

The building of homes, camps, garages, additions to mills continues at a dizzying pace despite the high cost and scarcity of materials. Since the first of the year, 67 building permits have been issued, including 118 homes, one tea room, 20 garages, five hen houses and two woodsheds.

The cementing of Elm street with a new surface has been completed although it will be several days before the road is ready for use, having to wait for the cement to harden sufficiently.

Miss Ida M. Grover, daughter of Mr. and Mrs. George M. Grover, 7 Harding St., has the distinction of having attended the public schools for the past ten years without having been tardy, absent or excused once.

Atty. James H. Eaton of Andover has entered the Lawrence law firm of Eaton and Chandler, of which his father, Atty. Fred Eaton is the senior member.

Dedication of the Bela Pratt statue of Phillips Brooks is scheduled for this Sunday at the North Andover common.

### 25 Years Ago - July, 1950

Lack of rain during the past few months has caused a drop of the level at Haggetts pond, which is now 40 inches below normal.

Milton C. Blanchard, former principal of the junior high school, has been appointed superintendent - principal of the Hamilton public schools.

Building in Andover continues to be popular, with \$282,500 in new construction authorized during the first six months of the year, a new record.

An all nation service for the Rev. Paul E. Callahan was held Wednesday night at the Union Congregational church in Andover.

A new coat of sand, picnic tables, outdoor fireplaces and

public address system have enhanced the Pumps Pond bathing beach which is proving quite popular at this early stage of the season.

### 10 Years Ago - July, 1965

Conservation commission expresses its opposition to any considerations of the Carmel Woods area as a site for an elementary school.

A busload of 41 American Field Service Students will arrive here this weekend for a three day visit in a tour arranged by Mr. and Mrs. Robert H. Klie.

Due to the drought conditions, a ban on water use has been started, prohibiting the use of water for lawn watering, car washing and filling or re-filling pools, permanent or portable.

The school building committee is still wrestling the type of heat for the new high school, debating the short term advantages of oil against the long term advantages of electric heat.

## WEEKLY SPECIAL

### Ford Readies 'Drastic Steps' To Prevent a New Mideast War

by Jack Anderson  
with Joe Spear

WASHINGTON — President Ford has told associates that he is prepared to take drastic measures to prevent another war in the Middle East. Renewed fighting and another oil embargo, he said, would cause grave damage to the United States.

He doesn't intend to let that happen, he said, if he has the power to prevent it. He implied that he would use all the power available to him to squeeze concessions out of both sides.

He can be as stubborn, he suggested, as the Israelis and Arabs. The implication again was that he would stop being nice and use whatever pressure was necessary to avert a war.

But if war should erupt in the Middle East, he made it clear that he would not sit still for another oil embargo.

**Oil Giveaway:** The federal government is preparing to give away millions of dollars worth of oil and gas.

These reserves are located off the Atlantic coast. And the recipients of the government's generosity will be -- you guessed it -- the big oil companies.

Here's how the ripoff works: The oilmen must pay the U.S. Treasury for the right to drill on the public ocean bottom. The

government sets the price that the oil is expected to bring. And then the highest bidder gets to drill.

The government has just set a ridiculously low price. The estimate is that oil will bring \$7 to \$9 a barrel by the time it's drilled in 1980.

Yet oil is selling today for almost \$12 a barrel and all the evidence suggest that the price is going up, not down. The oilmen, therefore, will pay Uncle Sam only \$7 to \$9 for oil that they can sell to the public for the going rate. Many experts believe the price by 1980 will be close to \$20 a barrel.

Once again, the government is putting oil interests ahead of the public interest.

**Refugee Ruckus:** The United States had admitted over 100,000 Vietnamese refugees fleeing from Communism. Yet at the same time, the United States has slammed the door shut on thousands of Chileans who wish to escape from the military dictatorship in Chile.

The State Department wanted to admit the Chilean refugees in groups, but the Justice Department strenuously objected. One reason for the opposition, according to our sources, is to placate Senate Judiciary chairman

James Eastland.

The senator from Mississippi is the man that the Justice Department answers to on Capitol Hill. State Department representatives appeared behind closed doors to explain their position to his committee.

Sen. Eastland, chomping on his cigar, dispensed with the formal presentation. He just wanted one question answered, he said. "Are we gonna be letting in any Communists?"

After months of haggling, a compromise has been struck. It is explained in a private letter to Eastland from the Justice Department. The Chilean refugees, according to the letter, will be screened abroad. Then the results will be scrutinized by the State Department. Then the Justice Department will pass on each case.

The result will be to admit a few hundred refugees, one at a time, who can prove that they're not "Communists, terrorists or 'economic distress cases.'"

**Grousing at Justice:** Attorneys at the Justice Department are quietly grumbling about the new head of the criminal division, Richard Thornberg. Apparently, he has had some harsh things to say about former criminal chief Henry Petersen in the aftermath of the Watergate scandal.

Petersen is still admired by the young Justice Department lawyers and they are not too happy about going to work for a man who criticized their former boss.

Thornberg, incidentally, is expected to reduce the power of local strike forces and increase the power of local district attorneys.

**PLO vs. Police:** A new con-

troversy involving the Palestine Liberation Organization is brewing in the United Nations. The U.N. invited the PLO to participate in a conference on crime prevention. The PLO, of course, gained its fame by conducting terrorist raids in Israel.

The International Association of Police Chiefs has already informed the U.N. that they won't be party to a crime prevention conference that includes criminals.

**Red Tape:** If the government regulated business in 1776 the way it does now, says Sen. Hugh Scott, R-Pa., we might still be waiting for Betsy Ross' flag. It would have taken her seven years to submit all the designs, diagrams and patent information, says Scott. Ms. Ross would have had to get Bureau of Standards certification that her cloth was not flammable. And, adds Scott, she would have had to engage in collective bargaining with her seamstresses.

**Washington Whirl:** Johnnie Roselli, the Mafia mystery man who tried to kill Fidel Castro for the CIA, came to Washington recently in such clever disguise that he fooled photographers assigned to follow him around. When he went south to liquidate Castro in 1961, he traveled as a lawyer for the big oil companies ... Gaetana Enders, the beautiful wife of Assistant Secretary of State Thomas Enders, appeared on a radio show at a ritzy hotel recently and wound up being assaulted by a group of rowdy conventioners who claimed they only wanted to kiss her ... The White House flagpole is now flying the Bicentennial colors in addition to the familiar Stars and Stripes.

## Foster To Study In Ireland

Merrimack College English Professor John P. Foster of North Andover has received a grant from the Dublin Institute for Advanced Studies to attend the Institute's Summer School in Celtic Studies from July 7 to July 25 in Dublin, Ireland.

At the Dublin Institute for Advanced Studies, Prof. Foster will pursue Celtic Studies in Old, Classical, and Modern Irish, and the historical development of the Irish language. He will also study various aspects of Irish history and Irish law as well as Irish folklore and literature.

An Assistant Professor of English at Merrimack, Prof. Foster joined the North Andover college faculty in 1971. He is a 1968 graduate of Trenton State College and received his M.A. degree in English with Departmental Honors from the University of Chicago in 1969. The recipient of a University Scholarship, he has continued his doctoral studies at the University of Chicago. His graduate studies have included concentrations in Celtic Linguistics, Medieval English and Irish Literature.

Prof. Foster was recently inducted as an honorary member of the Merrimack College Chapter of Alpha Mu Gamma, the national collegiate foreign language honor society.

He is married to the former Judith K. Jung. The Fosters are the parents of two daughters, Susan Janis and Kathleen Marie, and they reside in North Andover.

### Children's Room News

By Jan Johnson

There is something for everyone this week. A Sing-Along is planned for Friday, July 11 at 2:30. We hope the weather will cooperate and let us make music outdoors but don't worry, in case of rain, there is a dry place we can sing. All children who have completed at least one year of school are welcome.

My Side of The Mountain, an adventure story for elementary school children, will be the full-length feature film shown next Wednesday July 16 at 3. It will last until 4:45. Admission is free to children who have library cards and their friends. Everyone should meet in the Children's Room; we'll all go upstairs to the Hall together. (Parents, please be considerate of your children who are younger than 6. This film is too long and too old for them.)

Anyone in grades 3-6 who likes Laura Ingalls Wilder and her Little House books is welcome to join the Laura Ingalls Wilder Club, which meets on Monday evenings at 7. Come next Monday and bring a friend.

There is no need to register for the Yellow Balloon, our summer pre-school story hour. just drop in on Tuesdays at 10 for 45 minutes of stories, songs and games. Everyone between 3½ years old (born in or before 1971) and first grade is welcome. Parents are reminded to bring their library cards.

Summer Reading Clubs continue on Tuesday and Thursday afternoons. Children grades 1-3 meet on Tuesdays at 2:30 to exchange ideas about good books to read and to hear stories. Children in grades 4-6 meet Thursday afternoons at 2:30 for the same purpose. If you are unable to come to the meetings but wish to join the Summer Reading Club, talk to one of the Children's librarians for details.

Environmental litigation may be revolutionized by giving lakes, rivers, forests and other natural resources the "right to sue." A law professor at the University of Southern California proposes that judges should treat natural objects and areas in the same manner as persons unable to manage their own affairs, according to the Massachusetts Audubon Society.

## Earl Barr In Concert At Methuen

On Wednesday evening, July 23 at 8:30, the eighth program in the Methuen Memorial Music Hall's current series of weekly summer organ recitals will be presented. The organist will be Earl Barr, a member of the music faculty at Hamline University in St. Paul, Minnesota.

Mr. Barr is Director of Music at Hamline United Methodist Church in St. Paul, and a former pupil of organists Edwin Arthur Kraft, Arthur B. Jennings, Wilbur Held and Claire Coci. He has played recitals in many of the United States, and was recitalist in Canterbury Cathedral, England for the Summer Arts Festival in 1973. This will be his first appearance at Methuen. His program will include works by Reger, Brahms, Vierne and Alain, and will feature the Franck "Choral in E Major" and three movements from the Sixth Organ Symphony of Charles-Marie Widor.

Admission to this and all other Wednesday evening summer recitals is \$2.00 at the door, 50¢ for children, and free admission for sustaining members. The Music Hall is located south of Methuen Square on Broadway (Route 28), and is easily reached from both Routes 495 and I-93.

Sustaining membership privileges are offered to all who are interested in helping to support the Hall. If you are interested in free admission to all Trustee-sponsored programs (including the entire summer recital series), write to Mr. Bert Muller, 595 Massachusetts Ave., No. Andover, Mass. 01845.

### Lights Return To Highways

Lighting on state highways throughout Massachusetts, suspended for economy reasons since July 1, has been resumed for the July 4th

### To Enter Williams

The following area students will enter Williams College this fall as members of the Class of 1979.

John R. Doyle, III, son of Mr. and Mrs. John R. Doyle, Jr. of 48 Meadow Lane, North Andover, a graduate of the Brooks School, North Andover. He was accepted under the Early Decision Program.

Ronald F. Rudis, son of Mr. and Mrs. Frank Rudis of 228 Pleasant St., North Andover, a graduate of North Andover High School.

The freshman class of 480 at Williams includes 292 men and 188 women. The enrollment at the four-year liberal arts college in September is projected at 1250 men and 600 women as full-time undergraduates.

weekend and will continue for an indefinite period. This announcement was made jointly today by Governor Michael Dukakis and Commissioner John J. Carroll of the Massachusetts Department of Public Works.

This decision was made as a result of increased concern for nighttime traffic safety as recently expressed by many public officials and the motorist public.

The Department's decision to shut off the highway lighting was in response to the current economic crisis faced by the Commonwealth. This decision will now be re-evaluated to determine if savings, without sacrificing safety, can be obtained by phasing out highway lighting on a selective basis. However, the Commissioner pointed out that most state highway lighting has been installed in high accident and high volume areas of the state. Shutting off the lights would have achieved a budget savings of \$600,000 per year.

As previously announced, however, the Department of Public Works will cut back on white line painting, grass mowing, poison ivy spraying, ditch cleaning, etc. which will result in a budget savings

### Completes Freshman Year

Coast Guard Cadet Scott J. Johnson of 4 Rocky Hill Road, Andover, has completed his freshman year as a student at the U.S. Coast Guard Academy, New London, Conn.

He has begun a summer phase of instruction, which will include a training cruise aboard the Coast Guard Cutters Margenthau and Eagle.

Upon completion of the academy's four-year curriculum, Johnson will receive a bachelor of science degree and be commissioned an ensign.

Cadet Johnson is a 1974 graduate of American School in London, London, England.

## Troop 77 Scouts Honored

Wednesday night June 18, Troop 77 Boy Scouts of America held its June Court of Honor and Family Night Pot Luck dinner. Approximately 100 people gathered to enjoy the event.

The highlight of the evening was the Eagle Court of Honor where Scouting's highest rank, the rank of Eagle was awarded to Scouts Steve Luby and Gregg Shupe.

### For Those Of Us Who Are Older

Warm enough for you? Want a day at the beach? There are still a few places left on the bus to Hampton Beach sponsored by The Haven for next Tuesday, July 15. Why not stop by The Haven, pay the \$2 transportation fee and be assured of a lovely day? Do it now. There are only a few places left.

On Tuesday, July 22 there will be a pot luck luncheon at The Haven at noontime. No reservations are required. Come and bring something with you - a casserole, or a salad, or dessert, cheese, crackers, etc.

There are still a few reservations available for the July 26 Theater Party. The Haven is sponsoring the afternoon at the North Shore Music Theatre. It will include luncheon at the Terrace Restaurant, a fashion show during the luncheon and then a performance of Cole Porter's musical *You Never Know* starring Kitty Carlisle - and all for \$6.75.

Be sure to reserve Aug. 4 for the trip to Lexington, Concord, the Freedom Trail in Boston with lunch at the Cafeteria of the new Christian Science Church center. Bus will cost \$2.25. Lunch and any Freedom Trail admissions will be extra. Let The Haven know you want to be included in this special activity.

Thomas D. Rees

## Obtains Juris Doctor Degree

Thomas D. Rees, son of Mr. and Mrs. Thomas Rees of 6 Hidden Field, Andover, received the degree of Juris Doctor on May 19 from the Law School of the University of Pennsylvania. Mr. Rees, who completed his law study in December, 1974, passed the New York State Bar Examination in March.

At law school, Mr. Rees was Editor-in-Chief of the Penn Law Forum, the school's newspaper. He also served as Treasurer of the Sharswood Law Club and participated in the school's moot court competition. In 1973, he helped to organize the Government Policy Research Unit, a law student group which performs research for state and local governmental agencies in Pennsylvania, Delaware, and New Jersey.

Prior to attending law school, Mr. Rees graduated from Phillips Academy in 1967 and Stanford University in 1971. He is currently an associate with the law firm of Lovejoy, Wasson, Lundren & Ashton in New York City.

In 1652, the director general of the council of New Netherlands was the first person in America to have the mind to imagine and the skill to establish traffic laws. He decreed that "in order to prevent accidents... no wagons, carts or sleighs shall be run, rode or driven at a gallop."

either big Bob Patterson (Indians) or no-hit lefthander Bob Heidt (Yankees).

Ted Kelley will do the catching, Greg Nicastro will be

at third, Ed Powers at shortstop, Tom Hetley at second base and either Heidt or Tom Wilkins will open at first base.

The AL outfield will boast Richie Sambuco, Steve Rathbun and either Chris Doherty or Frank Beaty.

Rounding out the club are Ron Jones, Steve Stabile and Mike Reilly.

Alternates include Don Bliss, 11-year-old Jeff Bruk, Mike Ganem, Dave Gusmini, Glen Johnson and Keith Matheson.

No All-Star team from Andover has ever advanced beyond the District 14 final. However, if this is the year the trail then winds through Bi-District (Sectional), State and Regional play before ending at the "Little League World Series" in Williamsport, Pa.

Some of the luster has been removed from the LL Finals this year, however, as officials have banned the Taiwanese teams from the competition they have dominated in recent years.

### Babe Ruth

(Continued from Page 17)

from shortstop, and third sacker Tom Coffey handled a hot one-

hopper professionally to lead the fourth inning.

Dave Farrell and Bob Zwicker finished the game with two hits, apiece, and Henderson needed only 77 pitches.

Bob Zwicker went 3-for-6 in the two games for Andover, while Dave Farrell was 3-for-5, Mike Henderson 2-for-2 officially, Dan Hayes 2-for-4 and Steve Serley 2-for-7.

The twin victories in Montreal lifted Andover's regular-season ledger to 1-3 overall, and the team was also undefeated in four pre-season starts.

In future years the annual Montreal trip may be extended over an entire week.

### Schedule

Because of the annual Greater-Lawrence League All-Star break there were no games played this week, but the Andover team will resume action next Monday night at home.

## What Our Readers Say-

To the Editor of the TOWNSMAN:

Thru your column may I give an opinion in regards to the resignation of member John F. Lyons of the Andover school committee which was effective June 30 - '75.

I am astonished and greatly perturbed at some people in Andover who did not recognize a dedicated man as John F. Lyons in his endeavor to try to improve some problems within our Andover school system of which he was aware of along with lots of concerned citizens including myself.

For his great effort with fortitude he was rewarded by some people in Andover by numerous insults given him in various ways and means which caused his resignation. His is the second resignation in a few months - some record for Andover to achieve in our area regarding school committees.

Maybe an answer to the insulters and hecklers of Mr. Lyons and Mr. Olesen could be found in a remark by President Ford concerning problems facing our country - Quote - "No one has all the answers." My thoughts on the President's remark was he should come to Andover - he could find some folks that had all the answers - because they don't understand the questions.

In closing may I say: Let us all in our thinking take time out

To study our problems to know what they are about

Then we won't just holler and yell

But with honor and dignity our story tell

About our problems here in Andover Town

Thus help us remain - Renown Olde Andover Towne

## Webster Elected To Board

R. Kingman Webster, executive vice president of H.K. Webster Company, Inc., has been elected to serve a four-year term on the Board of Directors of the American Feed Manufacturers Association.

The American Feed Manufacturers Association is the national trade association of the feed manufacturing industry. Feed manufacturers produce the feed required for the production of meat, milk and eggs.

Webster is past treasurer of the Lawrence Red Cross, and served as president of the Lawrence Y's Men's Club. He received a B.S. degree in physics from Worcester Polytech and served in the U.S. Army from 1955 to 1957.

He and his wife and three children live in Andover.

## Obtains Registered Ayrshires

Donald R. Johnston, North Andover, recently made an initial purchase of two registered Ayrshire females from Earl L. Foster, North Andover, according to the Ayrshire Breeders' Association secretary, David Gibson, Jr., of Brandon, Vermont.

The transaction was recorded in the national office of the Association, where complete registry records on all purebred Ayrshire dairy cattle in the United States have been maintained since 1875. Because of their thriftiness and ability to produce an abundance of 4 per cent milk economically, Ayrshires continue to become increasingly popular with breeders and commercial dairymen!

## Chamber Readies Flea Mart Days

The popularity of Flea Markets is prominent in all areas including the Andover Chamber of Commerce's Center Merchants activities.

Friday and Saturday, Aug. 1 and 2 have been designated as official "Andover Flea Market Days." Douglas W. Thompson, chairman of the event, has announced that he is inviting all community agencies, civic and religious organizations, as well as citizens of the community to gather attic and garage treasures and register with him to place their items on sale during this two-day event.

The Center Merchants have

placed the usual restrictions on this Flea Market and that is: no dealers - no new items - no foods and no exceptionally large items to be placed on sale.

Mr. Thompson mentioned that this type of promotion was new and unique last year, but in a twelve month period this type of activity has become extremely popular with all groups and he is confident that the success of Andover Flea Market will be realized.

Interested participants can register by sending in name and address to Mr. Thompson at the Andover Chamber of Commerce, Andover.

of Andover Savings Bank to the development of the downtown business district. We've also had some pretty enthusiastic feedback from both civic and town officials over the past few months for which we are extremely grateful. Right now, we're anxious to get going."

ASB purchased the property approximately two years ago after several attempts to develop the land by previous owners failed to materialize. The entire area has been cleared and is presently used for open air parking except for one small retail shop on Main Street.

ASB Development Corp. will act as its own builder - developer and own the building when it is completed. Inquiries have already been received from a number of small specialty shops including calls for office space.

It has also been announced that the architect's rendering of the building will be on exhibit during the next few weeks at the Andover Public Library, the Town Hall and Andover Savings Bank's lobby on Main Street.

The architect, and engineer for the project, is A.D. McLaren, AIA, Main Street, Andover.

while on the committee for the past two-plus years, Olesen included the adoption of external testing.

Lyons overcame the resistance to a uniform homework policy and brought it to fruition, he went one, adding that the policy had been met with support from "most of the parents" in town.

He said Lyons' work with high school youths led to a policy on student rights and responsibilities that will be a guideline for further legislation.

"Unscrupulous people," Olesen said, "have attempted to destroy him in his business because of the actions of the School Committee." Lyons and his family were tormented, he said, up until the Saturday night before he resigned.

"The school committee has lost a valued judgment," he went on, "a man of compassionate understanding and abiding interest in education."

"I hope those who tormented John are satisfied now," he said.

He sent on to say that Lyons' votes had always been consistent with the conservative platform on which he and Wragg had run together two and a half years ago, and said Lyons "practiced integrity as a basic skill."

He said Lyons had helped reduce the school portion of the tax rate, having recognized the "excessive burden placed on the taxpayers before his election."

He wished Lyons "the best" and concluded with a saying from his grandfather:

"May his joys be as deep as the ocean," he said, "and his sorrows as light as its foam."

### Move To Replace Lyons

(Continued from Page One)

the next committeeman in terms of seniority.

Chairman Frank Griggs, so chosen by his colleagues after elections in the spring, is out of town for the summer. Lyons had been secretary, and was acting chairman at the meeting two weeks ago.

Olesen, elected in 1974, had seniority over Ahouse and Viehmann, who were elected earlier this year.

Ahouse agreed that traditionally, the chair went to the senior member. The committee then elected Seifert as acting secretary.

Olesen also said that since appropriations, expenditures and appointments require a majority vote of the board, such action would require the "aye" vote of all three. Other action, he said, requires only a plurality vote of those in attendance.

Olesen read a letter from Town Clerk Elden Salter officially informing the committee of Lyons' resignation as of 5 p.m. June 30, and then took a moment of "personal privilege," to eulogize Lyons.

Although Lyons spoke very little, Olesen said, "his belief in right and wrong was very strong."

Among Lyons' "successes"

### AHA Gets Housing Funds

The Andover Housing Authority has received approval for a reservation of \$89,808 in funds under Section 8 Housing Assistance Payments Program from HUD.

A telegram from Sen. Edward M. Kennedy to Housing Board Chairman Thomas P. Eldred this week confirmed the approval.

The program provides rental subsidy for families. The funds are used to provide the difference between what a family can afford and what the market value rent is.

The Housing Authority which will administer the funds, must now go through the process of screening properties and families eligible for program participation.

### Movies At Park

The Recreation / Community Schools Department will offer family movies on Monday and Thursday evenings. All movies are rated G and are free to Andover residents. The movies will be shown at dusk in Central Park.

Jason and the Argonauts will be shown on Monday, July 14th and On the Waterfront will be shown on Thursday, July 17. Tonight's movie will be "Our Man in Havana."
